Help us help them.

Every day, we come across countless animals in need of rescuing, nourishment, medical aid, shelter and rehabilitation.

This is your chance to save a life.

support our cause

Animals In Treatment

Shaurya

Shaurya, a 5-year-old male dog rescued from Malad East, desperately needs Rs. 25,000 for treatment of a severe back injury that has led to a maggot infection. The poor pup is in excruciating pain and requires immediate medical attention to save his life. Please help this innocent animal in urgent distress regain his health and freedom from suffering.

Shera

Shera, a one-year-old male cat rescued from Malad West, desperately needs Rs. 25,000 for medical treatment after being attacked by dogs, leaving him paralysed. The poor cat requires immediate surgery and rehabilitation to have any chance of walking again. Your donation can provide Shera with the care he needs to recover and find a loving home. Please help this innocent victim of a tragic accident regain his health and mobility.

Taming the Tricksters: A Guide to Administering Medication to Finicky Furballs

July 3, 2024 No Comments

Administering medication to our beloved pets can be a real challenge, especially when dealing with stubborn dogs and cats who turn their noses up at anything remotely resembling a pill or liquid. But fear not, pet parents! With a few clever tricks up your sleeve, you can turn even the fussiest of furballs into compliant patients.
